During the fostering of a pet, we require your help to find a permanent home by making your own poster and distributing in your area; and also using other means of advertising e.g. Pets4homes etc. When/if you are contacted with interest to adopt the pet, they may come to view and then contact us for an adoption form - we will arrange a home visit (let us know if you wish to do this). If successful, they pay the adoption fee to us direct and then make arrangements with you to collect the pet.

If during the time in foster care the pet may need veterinary treatment, please contact us first. We will not cover costs if you take the pet to the vet without consulting us first (unless for emergencies and we are not contactable).

You accept that as a fosterer you are not the legal owner of any cat/dog in your care and that the ownership remains with Cyprus Pride House until a new permanent home is decided upon.

This is a legal agreement that states that at no time, and for any reason, you will give the cat/dog to any other person without prior consent of Cyprus Pride House. As a fosterer you also agree that no decisions on the welfare, health or homing of a cat/dog will be made without the prior consent of the legal owner Cyprus Pride House. Also that if medical assistance is given without prior consent all costs incurred will be covered by yourselves unless for emergency veterinary attendance.
